- HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS

Backend:

- Node.js, Express.js, REST APIs, Authentication (JWT, OAuth)

Database:

- MongoDB, MySQL,

Tools & Platforms:

- Git & GitHub, VS Code, Vercel, Netlify,

WORK EXPERIENCE

Full-Stack Developer

Research Path Associates | Nairobi, Kenya
2023-2024

As a Full-Stack Developer, I have designed and deployed web-based systems for small businesses and community organizations, enhancing their digital presence and operational efficiency. I implemented secure user authentication systems, configured cloud hosting environments, and integrated data-driven forms with robust backend databases. Additionally, I provided hands-on ICT support services including software installation, network setup, hardware troubleshooting, and data recovery solutions, contributing to improved productivity and technology adoption in resource-constrained settings.

Full-Stack Developer

Elique Consultancy | Nairobi Kenya
2021 – 2022

As a Full-Stack Developer and ICT Support Specialist, I have successfully designed and deployed dynamic web-based systems for small businesses and community-based organizations, significantly improving their digital presence and workflow automation.

KEY SKILLS

- Full-Stack Developer – freeCodeCamp
- Introduction to Web APIs – Coursera
- Git & GitHub Essentials – Codecademy
- Computer Networking Basics – Cisco NetAcad
-

I have also provided comprehensive ICT support, including software installation, network setup, and troubleshooting of hardware and connectivity issues, alongside offering data recovery and backup solutions that enhanced operational continuity for clients with limited technical expertise.

EDUCATION

Bachelor of Technology in Business Information Technology

Second Class Honors

TECHNICAL UNIVERSITY OF KENYA.

2013 – 2017

Kenya Certificate of Secondary Education (KCSE)

B plain

CHEBARA BOYS HIGH SCHOOL

2009 - 2012
